SKILLS

- **Languages & Databases:** JavaScript, MongoDB, PostgreSQL
- **Frameworks & Libraries:** Tailwind, Nodejs, Express, React, Nextjs, React Native
- **Tools & Platforms:** Git, Github, Render, Prisma, Postman, Expo
- **Soft Skills:** Problem-Solving, Teamwork, Communication, Adaptability

PROJECTS

CodeScreen [Stream, MongoDB, Express.js, React.js, nodejs] [Live](#) | [Github](#)

A web application that allows users to create, customize, and download professional resumes effortlessly.

- Designed and developed an interactive code editor for real-time coding practice and execution.
- Live coding sessions with host and participant roles, supporting real-time code synchronization.
- Integrated video calling and real-time chat functionality for seamless communication during sessions.

NextBite [PostgreSQL, Prisma, Clerk, Upstash, NextJS] [Live](#) | [Github](#)

A full-stack e-commerce web application that enables users to browse products securely.

- Implemented user authentication and session management.
- Developed an admin panel to add, manage, and delete products dynamically.
- Integrated PostgreSQL with Prisma ORM for efficient database management.

Resumify [MongoDB, Express.js, React.js, Node.js] [Live](#) | [Github](#)

A collaborative coding platform that enables users to practice coding and conduct live problem-solving sessions.

- Designed and developed user-friendly interface for creating and editing resumes in real time.
- Integrated multiple resume templates with dynamic data binding for instant preview.
- Implemented user authentication and profile management using JWT and MongoDB.

CashBook [React Native, Expo, Express, PostgreSQL] [Github](#)

A mobile expense-tracking application that helps users record, categorize, and monitor expenses in real time.

- Designed a clean mobile UI using React Native and Expo for seamless cross-platform performance.
- Implemented secure user authentication and profile management using Clerk and PostgreSQL.
- Enabled users to add, edit, and delete expense records with updates and persistent cloud storage..

WORK EXPERIENCE

Front-End Developer(Intern) | Edunet Foundation

July 2024 - Sep 2024

- Collaborated on building responsive and accessible UI components for internal web applications.
- Used React.js and modern JavaScript (ES6+) to develop dynamic features and improve user experience.
- Applied best practices in responsive design, cross-browser compatibility, and component-based architecture.
